ESC Software Hires Two New Technology Consultants

August 18, 2005—Phoenix, AZ—ESC Software is pleased to introduce two new employees to our team; both are skilled and experienced consultants with much to offer our clients.

Dave Bybee, MBA was hired in July 2005 as a Technology Consultant. Dave's main responsibilities will be to aid our clients in the implementation of the Sage MAS 90 and Sage MAS 200 product lines.

Dave has three years of direct experience with Sage MAS 90 ERP and Sage MAS 200 ERP. Dave earned his Masters degree in Business Administration, Finance, and Accounting from Northern Arizona University. The combination of Dave's skill and experience make him an effective and valued member of our team.

Wesley Trimble is our new Technology Consultant for the Sage BusinessWorks, Sage MAS 90 and Sage MAS 200 product lines. Wesley will work directly with clients during the implementation of their software solutions.

Wesley's previous experience includes work as a staff accountant, information systems specialist and controller. His educational background includes a Bachelor of Science in Information Systems Management from the University of Maryland and a Bachelor of Business Administration-Accounting from the University of the District of Columbia.

ESC Software is committed to providing world-class software and services backed by the most knowledgeable staff in the industry. Both Dave and Wesley share that commitment; please join us in welcoming them.

About ESC Software
