

## AccuPOS Point of Sale Frequently Asked Questions

### **How do I know if I am a good fit for Sage MAS AccuPOS Point of Sale?**

- Sage MAS 90 AccuPOS Point of Sale is a good fit for any cash and carry retailer and every type of food service business including, quick serve, fast food, full service and fine dining.

### **What does cash and carry retail mean?**

- Cash and carry retail means that you have items in a store, they are picked up, brought to the register to be rung up and then the customer is on their way.

### **Are there any limitations to the software that we should I should be aware of?**

- Sage MAS AccuPOS Point of Sale doesn't really have any limitations in terms of number of users or stations operating at one time. There are some things that our software is designed not to do, and that would be special orders or customer orders at the register. This in particular is something we find in some furniture stores and/or home building supply stores.

### **What types of customers do you serve today?**

- We serve a lot of different industries in retail and restaurant environments. Here is a sample of some of the industries we serve today: Hardware stores, retail nurseries and garden stores, variety stores, general merchandise, grocery stores and any variety of grocery, deli and/or bakeries, miscellaneous food, clothing and shoe stores of all kinds, eating and drinking places, drug , liquor, sporting goods, book, stationery, jewelry , hobby toy and game shops, camera and photographic supply, day spa's, news dealers and newsstands, tobacco stores and stands, convention centers and so much more.

### **What if I want to offer gift cards, am I able to do that with Sage MAS AccuPOS Point of Sale?**

- Yes, you do have the ability with Sage MAS AccuPOS Point of Sale to offer gift cards to your customers. If you are using the module to accept credit cards, and using the Sage Payment Solutions you will have the ability to load cards for your customers in different increments, and allow them to use those cards until the balance is \$0. This becomes a great way to deal with returns without receipts and keep your customers coming back.

### **How long will it take me to get up and running with Sage MAS AccuPOS Point of Sale?**

- How long completely depends on how much you already have in place, and where you are in your implementation cycle with Sage MAS 90. If MAS 90 is already implemented, you would need to get the proper hardware in place, set up the link between the two (which our technical support analysts can assist you with over the phone) customize your menu's if you are using touchscreen menu's, make sure your hardware is ready in place, and train your employees on how to use the software (our technical support analysts can schedule this for you and assist you with a training web demonstration). If you do not have Sage MAS 90 set up yet, you will need to set up your accounting modules.
