FAS 50 Asset Accounting

"Keystone gets the results it wants and needs from Sage FAS. The product was easy to install and use, and it made a fast, significant impact on our fixed asset accounting processes. I'd recommend Sage FAS to anyone, especially someone needing a great solution at a reasonable price."

Brad Gardner, Assistant VP and Corporate Controller
Keystone Education and Youth Services

Increase productivity with customizable features

- Includes customizable SmartLists for fast, accurate asset entry
- Asset templates for quick asset creation
- Group Manager easily creates and defines custom asset groups
- Group View for viewing assets within specified group all at once
- Over 20 pre-defined, automatic reports reveal the precise data needed for making fast, accurate decisions
- Includes the FAS Depreciation Guide—an electronic version of the definitive resource on fixed asset management

- New Asset Wizard simplifies the creation, acquisition, and depreciation of fixed assets
- "Detail View" examines any fixed asset using the three most commonly used books on screen, as well as the location, history, notes, and disposal records for that asset—plus four additional books (for a total of seven) are just a mouse-click away
- Online Help and electronic documentation
