## **ESC Software Launches Online Continuing Education ESC Software Virtual University Promotes Anytime, Anywhere Learning**

ESC Software is partnering with 360training.com to deliver online continuing education courses to our customers in select states. The online courses offered will provide an efficient and cost effective method for businesses to hone their skills in various business principles as well as stay current with employee training.

The ESC Software “Virtual University” is comprised of a catalog of courses powered by 360training.com, which covers subjects critical to today’s business owners and their employees. Some of the course titles offered include:

### **General Business Courses:**

- Preventing Discrimination and Harassment for Employees
- Business Writing
- Employment Law
- Business Continuity Planning

### **Financial and Management Courses:**

- Legal Environments of Business
- Modern Budgeting for Profit Planning and Control
- Accounting for Management: Concepts and Tools
- Financial Concepts and Tools for Managers
- Corporate Finance for Professionals

“ESC Software believes strongly in promoting continual learning and supporting our customers’ business goals. Online, anytime CPE classes are a convenient and affordable way for business owners to encourage and enhance staff members’ professional development while enabling the continued success of their company through more educated and effective employees,” stated Alan Hardy, CPA, CISA, CITP, President of ESC Software.
